Third party payers do not reimburse physicians for time spent discussing medical care or making medical decisions on the phone. In the event that the bill is not paid you may be assessed interest or late fees on the portion of your bill that is not paid. There is a $25 return check fee (NSF). By initialing below you are acknowledging that you understand, agree and accept this policy.

Initial_____

Third Party Payer Denial of procedures Examinations or Testing

Many third party payers deny payment or authorization tests that have been appropriately ordered by physicians. This results in the third party representatives calling and demanding to speak with physicians. The burden of doing this during normal business hours makes this unfeasible and costly. Therefore, it is ***your responsibility to have the test done whether it is covered or not***. We will provide the insurance company with appropriate information that justifies the tests. However, this does not guarantee that the tests will be covered. Not doing the tests could result in a serious undiagnosed or life-threatening condition. By initialing below you are acknowledging that you understand, agree and accept this policy.
